ONE LAST LOOK

Honaker High School

THE 1994 TORCH STAFF

A yearbook is not just a book. It is a collection of memories to look back on years later and say, " Do you remember when . . . ?"

The 1994 yearbook staff will especially remember all the enjoyable moments in piecing together this collage of memories. We hope you will enjoy having this last look as much as we enjoyed compiling it.

CROSSWINDS

Isn't it true we must carry our lives
To a certain height, a certain depth?
Isn't this so? — we must learn
In green winds of change, in black
Winds of loss how to grow grace,
How to grow fully human — that our
Legacy be light, and blessed breath.

— Theodore Hall, Ph.D

Kimberly Ann Hale
Kim was not involved only in the school but also in her church. She was a member of the Spanish Club and the eighth grade academic team. Kim's church activities included singing and helping with church dramas. Kim would have been a member of Honaker High School's graduating class of 1994.

Sports Queen 1993

L to R: Lynessa Crockett, Jeans Division, Myranda Hess, Overall Winner, Regina Lester, Dress Division, Tara Sparks, Sportswear Division

The SCA sponsored the first Sports Queen Contest this school year. It had three divisions of competition with a winner in each division and the overall winner named the Queen.

It was a fast paced, fun evening for the audience and the contestants. The first division was sports uniform. Each girl gave a demonstration that matched the uniform. Round two was the "jeans and t-shirt" competition. Once again the girls were encouraged to show off their personalities. The third division was Sunday dresses or suits. In this division girls were encouraged to change their hair styles and wear heels.

After winners were decided in each division, the girl who rated highest in each category was named Sports Queen. The SCA wishes to thank each girl who participated and hopes to see them in the pageant next year.

Eighth Grade Basketball

The eighth grade Honaker Lady Tigers basketball team finished the 1993 season with a 28 to 27 victory over Haysi. This left the team with an outstanding record of eleven wins and three losses for the season. The team's tenacious defense, excellent ball handling, and balanced scoring has demonstrated the future of the H.H.S. girls' ball program is indeed bright. The team will be long remembered for its hard work, striving desire to win, and its never-say-die attitude.

Cross Country

Most high school students have trouble finding time for extracurricular activities and their academic studies, but not Patricia Lester, Honaker High School's standout cross country runner.

Pat's interest in running was spurred by trying to compete with her three brothers. She became seriously interested in running after competitions in elementary school. That passion for racing competition hasn't dwindled during her whole high school career.

A regular cross country course is 3.1 miles long, and after-school practice could require more than the standard course or a little less. This shows the dedication cross country runners must have to do well. Most runners also train during the off-season to prepare for their regular seasons. Pat trains as vigorously during the off-season as she does during the regular season for the simple reason that the cross country season at H.H.S. is three to six weeks shorter than some of the other schools in the country.
